

## QuickBooks Online

**Course #:** QB-010      **Duration:** 2 days

### Prerequisites

None.

### Details

This two-day course is designed for non-accountant, small business owners and managers who need to learn how to do accounting using QuickBooks Online (please see our [QuickBooks Desktop course](#) if you use the desktop edition of the product). On the first day, students learn how to set up an account, manage users, work with critical lists, including the Chart of Accounts, set up bank feeds, and manage all aspects of sales, including customers, invoices, and payments.

On the second day, students learn how to manage all aspects of expenses, including vendors, bills, and payments, how to work with projects, handle budgeting, set up employees, process payroll and run reports. Each student receives an excellent course manual for after-class reference.

### Software Needed

QuickBooks Online Account
